

MR30-35-40KHZ MINI PRESS WELDER FOR PLASTIC ASSEMBLY

- .Plastics industry
- .Automotive industry
- .Electric products
- .Packaging and Clothing
- .Medikal products
- .Stationery and Toys
- .Food industry
- .Textile industry

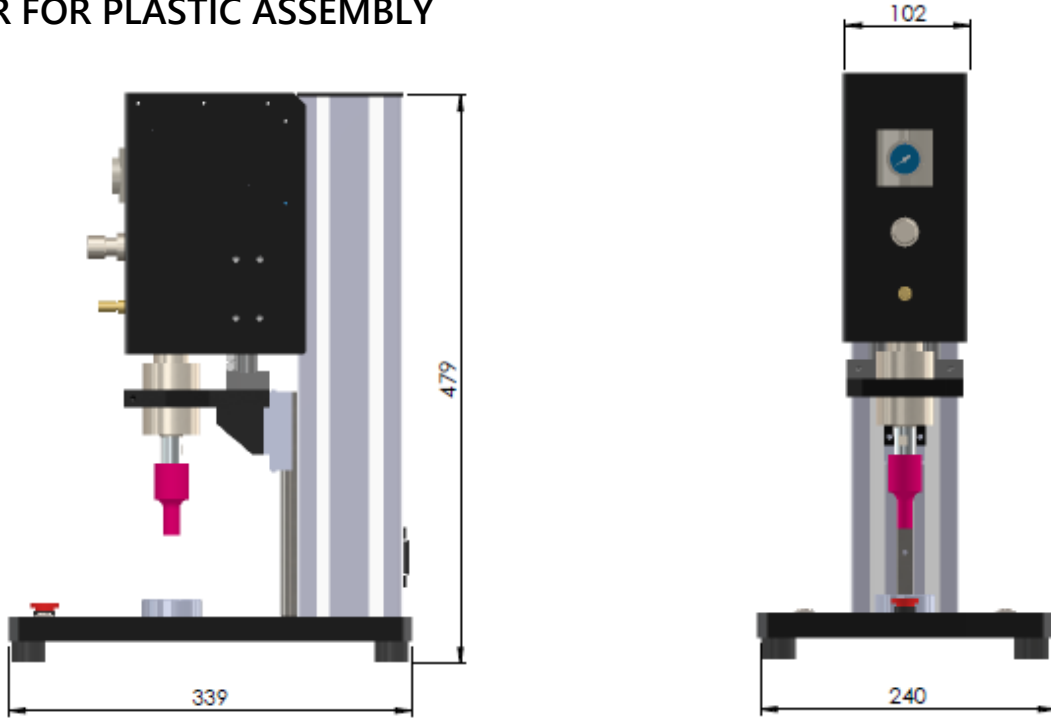

FEATURES

- .Time and Energy mode
- .Amplitude control
- .Automatic frequency tuning
- .Weld time
- .Hold time
- .Delay time
- .Afterburst time
- .Touch screen/Rotary encoder
- .Ultrasonic load meter scale
- .Over load,No load,Short circuit,Overtemperature

**MR30-35-40KHZ MINI PRESS
WELDER FOR PLASTIC ASSEMBLY**

TECHNICAL FEATURES

- .Operating frequencies 30-35-40 KHz
- .Output power 800 Watts
- .Weight around 15 Kg
- .Table dimensions 24x34
- .Head cylinder stroke 50 mm
- .Diameter of cylinder $\varnothing 10$
- .Adjustment of head position 150 mm
- .Air feed 6 Bars
- .Head speed adjustable with manual flow control valve
- .Head pressure adjustable with manual pressure regulator
